

Article Overview

Fons Bangladesh Ltd, Smart View BD, BWNfiber, and ANFKOM FTTH are key manufacturers and suppliers of fiber optic terminal boxes and accessories in Bangladesh.

Key Manufacturers and Suppliers

Fons Bangladesh Ltd is a USA & Denmark joint venture and the only fiber optic manufacturer in Bangladesh that has been exporting fiber optic products for over 15 years. They provide a wide range of active, passive, and testing equipment for telecom and CATV sectors, including fiber optic terminal boxes .

Smart View BD offers a variety of TJ Boxes for fiber optic termination and distribution, suitable for both indoor and outdoor FTTH installations. They provide genuine products with official warranties and support for fiber network management .

BWNfiber manufactures Pre-connected Fiber Access Terminal (FAT) Boxes, which are modular and pre-connectorized for efficient FTTH network deployment. Their boxes are made from durable engineering plastics like polypropylene (PP) or polycarbonate (PC), offering high impact resistance and protection for fiber connections .

ANFKOM FTTH supplies Access Terminal Boxes (ATB) for 1-2 subscribers, integrating fiber termination, storage, and cable connection in a single unit. These boxes feature dust-proof designs with IP-45 protection, wall-mounted installation options, and standard accessories for easy setup and maintenance .

Product Features and Applications

- o Indoor and outdoor use: Many boxes are designed for both environments, with dust-proof and weather-resistant features.
- o Material: Commonly made from engineering plastics for durability and chemical stability.
- o Capacity: Options range from single-subscriber boxes to multi-fiber distribution units.
- o Installation: Wall-mounted or embedded types with integrated cable management rods and protection sleeves.
- o FTTH compatibility: Suitable for drop cable termination, patch cable connections, and network expansion.

B2B Sourcing and Export Opportunities

Trade directories like TradeFord.com list multiple Bangladesh-based fiber optic terminal box manufacturers and suppliers, providing a platform for global buyers to connect with local manufacturers for bulk orders,

quotations, and export opportunities .

These manufacturers collectively cover a wide range of fiber optic accessories, including terminal boxes, access terminals, patch panels, and installation hardware, making Bangladesh a viable source for both domestic and international FTTH network projects.
