Cambodia on Monday broke ground for the construction of a bridge across the Bassac River in the southern part of the capital Phnom Penh, with funds from China. The bridge, built by Shanghai Construction Group under China's concessional loans, is expected to open to traffic in 2027. A bridging open work permit (BOWP) lets you keep working while you wait for the results of your permanent residence application. These instructions are for permanent residence applications for the To be. Two Cambodian men have been jailed for six years after photographing a bridge shortly before it was bombed by the Royal Thai Air Force (RTAF) during last year's seven-month border conflict. Large-scale landmine clearance has paved the way for further infrastructure development along the. This bilingual profile page gives a quick overview of foreign investment in Cambodia, together with related content, such as the definition of foreign investment, the reasons investors invest in Cambodia, priority sectors, the contribution of foreign direct investment to GDP, investment trends by. The bridge will be open temporarily for motorcycles and family cars during the Pchum Ben Festival, or Ancestor's Day, in late September. (Japan) was contracted to provide a feasibility study, detailed engineering designs, and construction supervision for the Koh Ksach Tonle Bridge (KTB). The KTB project uses joint financing that includes the European Investment Bank as one of the lenders.
