

Detailed Price List for Fire-Resistant Cable Trays in Tanzania

Article Overview

Durable fireproof cable trays in Tanzania are available from local manufacturers like J Selectromec, Shopit, and Wiremeshes, with prices typically ranging from \$20 to \$100 per meter depending on material, type, and load capacity.

Suppliers and Availability

Several reputable suppliers in Tanzania provide high-quality cable trays suitable for fire-resistant applications:

- o J Selectromec: Offers light, medium, and heavy-duty cable trays made from pre-galvanized steel, which provides corrosion resistance and durability in harsh environments . They supply ladder trays, perforated trays, and solid-bottom trays suitable for industrial and commercial projects .
- o Shopit: Provides a wide selection of cable trays with speedy delivery and competitive pricing. Their products are designed for electrical cable management in construction, telecommunications, and industrial sectors .
- o Wiremeshes: Manufactures cable trays in various sizes, shapes, and configurations, emphasizing durability and compliance with industry standards. Their trays are suitable for heavy loads and high-temperature environments .
- o Electricool: Another local supplier offering durable cable management solutions for commercial and industrial applications .

Types and Materials

Durable fireproof cable trays are typically made from:

- o Galvanized steel: Offers excellent fire resistance, corrosion protection, and mechanical strength. Common for heavy-duty industrial installations.
- o Wire mesh trays: Lightweight, ventilated, and resistant to deformation, suitable for medium-duty applications.
- o Solid-bottom trays: Provide maximum protection for sensitive cables and are often used in areas requiring fireproofing and dust protection.

Price Considerations

While exact prices vary by supplier, material, and tray type, industry estimates in Tanzania suggest:

- o Light-duty galvanized steel trays: \$20-\$35 per meter

Detailed Price List for Fire-Resistant Cable Trays in Tanzania

- o Medium-duty trays: \$35-\$60 per meter
- o Heavy-duty or fully fireproof trays: \$60-\$100 per meter

Additional costs may include installation accessories, bends, couplers, and delivery fees. Prices can also fluctuate based on custom dimensions, load capacity, and supplier discounts.

Recommendations

- o Contact suppliers directly for quotes tailored to your project specifications.
- o Ensure the trays meet fire-resistance standards and are suitable for the intended load and environment.
- o Consider local manufacturers for faster delivery and easier customization.

By sourcing from established suppliers like J Selectromec, Shopit, or Wiremeshes, you can secure durable, fire-resistant cable trays that meet Tanzanian industrial and commercial standards .
