

Article Overview

Pricol Engineering Industries and SKKBOBOX are notable manufacturers of Distribution Box 3C, offering industrial-grade and customizable solutions.

Key Manufacturers

1. Pricol Engineering Industries Private Limited (Coimbatore, India) Pricol Engineering Industries produces the Distribution Box KP175 - 3C, designed for industrial applications. They are recognized for their expertise in electrical distribution solutions and provide products suitable for various low and medium voltage installations . 2. SKKBOBOX SKKBOBOX is a professional electrical box manufacturer with over 20 years of experience, offering customizable metal distribution boxes for industrial use. Their products include stainless and carbon steel options, with IP66/67 and NEMA 4X ratings, suitable for indoor and outdoor installations. They provide OEM/ODM services, fast global delivery, and certifications such as UL, CE, IP, IK, and CCC, making them a reliable choice for international projects .

Product Features to Consider

- o Material: Options include high-strength ABS, polycarbonate, stainless steel, or carbon steel for durability and environmental resistance .
- o Protection Ratings: IP66/67 or NEMA 4X for water and dust resistance.
- o Customization: Many manufacturers offer tailored solutions for size, configuration, and internal components.
- o Certifications: UL, CE, CCC, and other regional standards ensure compliance and safety.
- o Applications: Suitable for industrial, commercial, and residential electrical distribution, including fiber optic and high-voltage connections .

Additional Notes

For specialized applications, such as fiber optic or 3C electronics integration, manufacturers like 3C-LINK provide ISO-controlled, tested enclosures for optical networks . When selecting a manufacturer, consider lead times, customization capabilities, and after-sales support, especially for large-scale or critical installations. By evaluating these manufacturers based on product specifications, certifications, and global delivery capabilities, you can identify the most suitable supplier for your Distribution Box 3C requirements.
