

Article Overview

For long-span cable trays in Malta, several suppliers offer steel, aluminum, and mesh tray solutions suitable for industrial and commercial installations.

Key Suppliers in Malta

o Brownrig Supplies Direct Ltd. Brownrig is a leading supplier of mechanical and electrical products in Malta, including galvanized steel cable trays suitable for long-span installations. They have extensive storage and can provide tailored solutions for large projects. You can request a quotation directly through their website or contact their office in the harbour area for project-specific pricing and delivery options .

o FBP Malta FBP Malta offers a range of cable trays and mesh trays, which are ideal for supporting long runs of electrical cables. Their products are designed for commercial and industrial applications, and they can provide advice on load capacity and span requirements. Quotations can be requested via their website or by contacting their sales team .

o XOL Malta XOL Malta maintains a catalog of various cable trays, including long-span options. They provide filters to select specific dimensions, materials, and load ratings, making it easier to identify the right tray for your project. You can request a quotation online or through their customer service .

o RS Malta RS Malta supplies metal cable trays, wire trays, and cable baskets suitable for industrial and commercial installations. Their online catalog allows you to browse different types and sizes, and you can request a quotation for bulk orders or specific long-span requirements .

o BigMat Malta While primarily focused on general cable management systems and trunking, BigMat Malta also offers trunking and protective enclosures that may complement long-span cable tray installations. They provide product specifications and can assist with project planning .

Tips for Requesting a Quotation

- o Specify the span length and load requirements to ensure the supplier recommends the correct tray type.
- o Include material preference (galvanized steel, aluminum, or mesh) for durability and corrosion resistance.
- o Provide project details such as installation environment (indoor/outdoor, industrial/commercial) and any regulatory compliance requirements.
- o Request delivery and installation options if needed, as some suppliers offer full project support. By contacting these suppliers with detailed project specifications, you can obtain competitive quotations for long-span cable trays in Malta.
