

Manufacturers of fire-resistant cable trays in South Sudan

Article Overview

YoAhorroEnergia Data Infrastructure and Lelty General Trading are notable suppliers of fireproof cable trays in South Sudan.

Local and Regional Suppliers

YoAhorroEnergia Data Infrastructure offers a wide range of cable trays, including fire-resistant, corrosion-resistant, aluminum, and stainless steel options. Their products include wire mesh, trough, trapezoidal, and large-span cable trays, all customizable to meet industry standards and fire safety regulations. They provide fire-proof spray cable trays with surface treatment for enhanced fire resistance, ensuring compliance with safety codes and reducing repair costs in case of fire incidents. They supply to Sudan and South Sudan with competitive pricing and quality certification (YoAhorroEnergia Data Infrastructure) . Lelty General Trading is a leading electrical supplier in South Sudan, offering high-quality electrical products, including cable trays and accessories. While their catalog focuses on electrical wiring and fittings, they provide durable cable management solutions suitable for industrial and commercial installations, including fire-resistant options. They also offer fast delivery and expert support for local projects (Lelty General Trading) .

International Manufacturers Serving the Region

Several international manufacturers produce fireproof cable trays that can be shipped to South Sudan:

- o IRONTEK SRL (Italy) specializes in aluminum, steel, and stainless steel cable trays suitable for fire-resistant applications (Europages) .
- o Emit Metal (Turkey) manufactures metal cable trays, ladders, and trunking systems with fireproof capabilities and a monthly production capacity exceeding 1,000 tons (Europages) .
- o Eurotray and Niedax provide cable management systems with fire protection features, widely used in industrial and infrastructure projects (Europages) .

Key Considerations

When selecting a fireproof cable tray manufacturer for South Sudan:

- o Material and Fire Rating: Ensure the trays meet local fire safety standards and are certified for fire resistance.
- o Customization: Consider manufacturers that offer tailored sizes, shapes, and finishes to fit your project requirements.

Manufacturers of fire-resistant cable trays in South Sudan

- o Delivery and Support: Local suppliers like YoAhorroEnergia and Lelty General Trading provide faster delivery and on-site support compared to international shipments.
- o Compliance: Verify that the products comply with international or regional electrical and fire safety codes. These suppliers and manufacturers provide a combination of local availability, customization, and certified fireproof solutions suitable for industrial, commercial, and infrastructure projects in South Sudan.
