

Manufacturers of waterproof electrical distribution boxes in Bahrain

Article Overview

Top waterproof electrical distribution boxes in Bahrain are offered by Coloria, Gims Tech Power, Amad Baeed, and Cyberall Group, featuring IP65/IP66 ratings and durable materials for harsh environments.

Leading Manufacturers and Suppliers

1. Coloria Coloria is a trusted provider across Bahrain and the GCC, known for heavy-gauge cold-rolled steel distribution boxes with powder-coated finishes to resist corrosion from salt air and sand abrasion. Their products are available in IP54, IP65, and IP66 ratings, making them suitable for indoor, outdoor, and industrial applications. Coloria also offers fireproof CPL inorganic board options for sensitive environments like hospitals and schools, ensuring compliance with strict safety codes and long-term durability in Gulf climates .
2. Gims Tech Power Trading Company (GTP) GTP supplies a wide range of IP55 and IP65 junction box enclosures for industrial and commercial use. Their offerings include steel, stainless steel, and polycarbonate enclosures, with polycarbonate models rated IP66 for dust and water protection. These boxes are shock-resistant, explosion-proof, and suitable for hazardous environments, including oil & gas, mining, and energy sectors. GTP also provides customizable sizes and materials to meet specific project requirements .
3. Amad Baeed Electrical W.L.L. Amad Baeed has over 26 years of experience delivering electrical solutions in Bahrain and Saudi Arabia. They offer end-to-end electrical distribution solutions and partner with leading global manufacturers, ensuring access to high-quality waterproof distribution boxes suitable for large-scale projects and multinational clients .
4. Cyberall Group Cyberall Group distributes electrical distribution and automation equipment from world-leading brands such as Schneider Electric, Eaton, Siemens, ABB, and Rockwell Automation. Their products include IP-rated waterproof distribution boxes suitable for industrial, commercial, and residential applications. Cyberall provides fast delivery across Bahrain, including Manama, Muharraq, and Sitrah, making them a convenient option for local projects .

Key Considerations

- o IP Rating: For outdoor or industrial use, choose IP65 or IP66 enclosures to ensure protection against water jets, dust, and harsh weather.
- o Material: Stainless steel is ideal for high-moisture or corrosive environments, while polycarbonate offers lightweight, impact-resistant options.
- o Customization: Some suppliers, like Gims Tech Power, offer custom sizes and explosion-proof options for specialized industrial needs.
- o Local Availability: Companies like Cyberall Group and Amad Baeed provide quick delivery and local support, which is crucial for timely project execution. For projects in Bahrain, Coloria and Gims Tech Power are highly recommended for their durability and IP-rated waterproof enclosures, while Cyberall Group and Amad Baeed provide access to globally recognized brands and comprehensive distribution solutions.
