

Article Overview

Top UK manufacturers for custom cable management racks include Cable Management Warehouse Ltd, Orion Rack Cabinets, and Channel and Tray, recognized for quality, customization, and industry experience.

Leading Manufacturers

- o Cable Management Warehouse Ltd (CMW) Established in 2003, CMW is a leading distributor and manufacturer of cable management solutions, including server racks, enclosures, and containment systems. They offer customizable solutions for network, data, and telecom industries, with trade counter collection, online ordering, and dedicated account management for clients .
- o Orion Rack Cabinets Operating since 2002, Orion specializes in custom server racks and cabinets for data centers and IT infrastructure. They provide scalable, energy-efficient solutions suitable for diverse industries, with a focus on bespoke designs and high-quality materials .
- o Channel and Tray Known for precision-engineered metal products, Channel and Tray manufactures high-quality cable trays and management systems. They are recognized for reliability and robust design, serving industrial and commercial sectors across the UK .
- o Aitkens Cable Tray Systems A family-owned company since 1977, Aitkens manufactures and imports cable management products, including wire trays and structured cabling solutions. They provide experienced sales support and a strong distribution network in the UK .
- o Armorduct Systems Ltd Specializes in steel cable management systems, offering durable and high-performance solutions for power and communications applications .
- o Bownet C.M.S Ltd Offers a range of structured cabling products and high-performance cable management solutions, catering to both commercial and industrial clients .
- o Marco Cable Management Manufactures uPVC cable management and trunking systems, including wire cable trays for power and communications, with a focus on customizable designs .

Additional Considerations

- o Many of these manufacturers provide bespoke solutions, including tailored sizes, materials, and configurations to meet specific project requirements.
- o Regulatory compliance with British Standards and EU safety regulations is a key factor in selecting a manufacturer .
- o Companies like Rackline and Rack Master Storage Systems Ltd. also offer integrated racking and storage solutions, which may complement cable management needs in data centers or industrial facilities . This ranking highlights manufacturers with proven experience, customization capabilities, and strong UK presence, making them suitable choices for businesses seeking reliable cable management rack solutions.
