

Article Overview

Top cable tray suppliers in North America include MP Husky, Atkore, Legrand, Eaton, and Thomas & Betts, all known for high-quality, standards-compliant products.

Leading Suppliers

MP Husky is a founding member of the USA Cable Tray Institute and offers a wide range of cable tray systems, including aluminum, galvanized steel, stainless steel, fiberglass, PVC-coated, single rail, and wire mesh trays. Their products meet or exceed NEMA, UL, CTI, and CSA standards, making them a trusted choice for industrial and commercial applications (MP Husky) . Atkore International provides steel, aluminum, and fiberglass cable trays, along with comprehensive cable management systems. They serve construction, industrial, and utility sectors, emphasizing durability and compliance with industry standards (ApexTray) . Legrand is a global leader in electrical and digital building infrastructures, offering cable trays, raceways, and accessories for construction, telecommunications, and energy industries. Their products are recognized for quality and long-term performance (ApexTray) . Eaton (Cooper Crouse-Hinds division) supplies cable trays, ladders, and raceways for industrial, commercial, and residential applications, focusing on safety and ease of installation (ApexTray) . Thomas & Betts (ABB) manufactures cable trays, ladder systems, wiring ducts, and accessories, serving industrial, commercial, and residential electrical installations with a strong reputation for reliability (ApexTray) .

Additional Notable Suppliers

Other reputable suppliers include Snake Tray, Chalfant Manufacturing, Creative Composites Group, PUPCO, Southwire, SILTEC, Basor, Cable Ties and More, Selco Manufacturing, and United Electrical Distributors (UED), offering a variety of materials and custom solutions for specialized applications (CableTrayFab) .

Choosing a Supplier

When selecting a cable tray supplier, consider:

- o Material options: Steel, aluminum, fiberglass, PVC-coated, or stainless steel depending on environmental and load requirements.
- o Compliance: Ensure products meet NEMA, UL, CTI, or CSA standards for safety and durability.
- o Industry experience: Suppliers with decades of experience often provide better engineering support and product reliability.
- o Customization and support: Some suppliers offer custom designs, engineering services, and extended warranties. These suppliers are recognized for their quality, compliance, and broad product ranges, making them reliable partners for any cable management project.
