

Article Overview

Key providers in Venezuela for outdoor distribution box commissioning include Servieleca, Elecnor Venezuela (Elecven), and specialized local distributors like Vill-Impex Ltd., offering supply, assembly, and technical support for medium and low voltage systems.

Leading Manufacturers and Distributors

Servieleca is a major supplier of industrial electrical equipment in Venezuela, specializing in medium and low voltage solutions. They provide MCCB, MCB, ACB, VCB, contactors, relays, and complete distribution boxes, and offer custom assembly and commissioning services for large-scale projects, including photovoltaic and industrial installations. Servieleca is also the official distributor of HD Hyundai Electric, ensuring access to certified, high-quality components and technical support directly from the manufacturer . Elecnor Venezuela (Elecven) has been active since 1967 and is a pioneer in electrical distribution systems and transmission lines. They provide end-to-end project management, including feasibility studies, engineering, construction, supply, installation, and commissioning of distribution boxes and related infrastructure. Elecven is capable of handling turnkey projects with full operational support and maintenance services . Vill-Impex Ltd. serves as a local exclusive agency for European manufacturers like GEWISS, supplying wiring terminals and distribution boxes. They are a reliable option for sourcing high-quality imported components and coordinating installation and commissioning through local technical teams .

Import and Market Insights

According to Volza, Venezuela has 61 verified buyers of power distribution units and distribution boxes, with major importers including THUNDERNET C A, LANLY LATAM CA, and CORPORACION TELEMICCA. These companies import from global suppliers and can be potential partners for sourcing or commissioning projects .

Additional Local Manufacturers

While not all specialize exclusively in distribution boxes, several Venezuelan manufacturers provide electronic and industrial components that can support distribution box projects:

- o Sigma: Offers a range of electronic products and components .
- o WindowGard: Designs and manufactures security and electrical enclosures, which may include outdoor distribution boxes .
- o Envases Venezolanos SA and Dominguez & Cia: Provide industrial containers and enclosures suitable for electrical applications .

Venezuela Outdoor Distribution Box Commissioning Manufacturer

Recommendations

For commissioning outdoor distribution boxes in Venezuela:

- o Engage Servieleca for turnkey solutions with certified Hyundai Electric components.
- o Consider Elecven for large-scale projects requiring full engineering, installation, and operational support.
- o Use Vill-Impex Ltd. for sourcing European components and technical guidance.
- o Evaluate importers like THUNDERNET C A if international sourcing is required. These providers offer a combination of equipment supply, assembly, and on-site commissioning, ensuring compliance with local standards and reliable operation of outdoor distribution systems.
